### New Category of Tablet Computing

The ThinkPad Tablet 2 is the culmination of an incredible partnership between Lenovo®, Intel® and Microsoft®. The ThinkPad Tablet 2 has a thin, light design with long-battery and always-on connectivity as expected of a Tablet. The Tablet being less than 10 millimeter in height and less than 610 grams takes mobility and efficiency to a new level.

Share your documents, contacts and pictures easily and quickly by connecting instantaneously to other supported devices using Near Field Communication<sup>2</sup> (NFC). Communicate anywhere, any time with video and audio using the Mobile Broadband<sup>2</sup> support. Stay in touch and be active on social and professional networks with the always-on experience, like your Smartphone.

The ThinkPad Tablet 2 is also compatible with your existing office and enterprise environments as expected of a PC. Illustrate your ideas, annotate documents or take notes with the support for enterprise applications. Feel impressive with the optional Digitiser<sup>2</sup> and Pen<sup>2</sup> that allows freedom to express, inspire creativity and improve productivity on the go.

The ThinkPad Tablet 2 is more than just a Tablet - It is defining a new category of its own.

## MOBILITY

- Thin and lightweight with less than 10 millimeter in height and less than 610 grams.
- 10.1 inch IPS display and long lasting battery with 10 hours of battery life<sup>1</sup>.

## SUPPORT FOR WINDOWS 8-STYLE APPS AND DESKTOP APPLICATIONS

- Windows 8 style apps: Visually rich, single purpose, bite-size cloud connected and touch-enabled apps. These apps include Games, News, Weather, Entertainment, Camera and Sensors.
- Desktop Applications: Complex, multi-function, processor or time-intensive apps. These include personal finance (such as MYOB or Quicken), creativity focused (such as Adobe Creative Suite) and Flash supported (such as educational content and games).

## EXPANSIVE USE OF USB ACCESSORIES

- The ThinkPad® Tablet 2 comes with a full-size USB port and supports all Microsoft® Windows 8 drivers to connect to external USB drives, printers, cameras, DVD burners, mice and keyboards.
- In addition, with the ThinkPad enterprise dock, users can support up to 3 USB devices at a time in addition to an full-size HDMI out port and audio and power ports.

## ENTERPRISE APPLICATION SUPPORT AND ENTERPRISE COMPATIBILITY

- Easy access to enterprise-specific apps, databases, VPN, and intranet with support for Active Directory, Domain Join and Group Policies.
- Enterprise managed encryption with BitLocker, white and black listing apps with AppLocker and enterprise-level dock and support for multiple user logins.

## OPTIONAL DIGITISER AND PEN

- Touch is great in many instances, but pen is better in others for a more natural, comfortable and efficient experience.
- The ThinkPad Tablet's active Digitiser and Pen offer a more natural writing experience with a precision fine tip vs. a thick nub.
- Pressure sensitivity and palm rejection technology allows natural resting of your hand on the display without affecting writing and drawing.

<sup>1</sup> Actual battery life depends on usage

<sup>2</sup> Only available on selected models
